About FCOI

The Florida Courts Opioid Initiative (FCOI) is a statewide judicial branch response to Florida's opioid crisis, involving both statewide and circuit-specific efforts. The Initiative, as coordinated through the Office of the State Courts Administrator, focuses on enhanced awareness and effective ways to address this epidemic, especially through actions of the problem-solving courts and family courts.

e-Learning Goals

The Florida Courts Opioid Initiative e-Learning modules aim to increase the participants' knowledge on the effects opioids have on the body and effective medication-assisted treatment strategies for opioid use disorder. These modules offer a variety of interactive quizzes, animations, and videos, as well as cutting edge information and resources to assist and engage judges, court staff, and stakeholders in the field.
